

2x2 HUNT EDITION

OFF-ROAD ONLY

The 2x2 Hunt Edition is designed for the hunt and built for the wild. We created this bike with unmatched utility and versatility to elevate your hunting experience.

AWD

All-wheel drive with 2x hub motors

A 1kW hub motor in both front and rear wheels provides better handling and traction in wet weather and uneven terrain.

40mph/64kph

Max speed

With more speed, get further faster for the hunt. The Hunt Edition comes with Boost Mode which lifts the top speed from 30mph to 40mph* (64kph)

50mi/80km

Off-road range

With around 50mi/80km in off road conditions you can run all your essential errands or head out into the wild (75mi/120km achieved under test conditions)*

4-6hrs

Full charge time

Our 10 Amp charger plugs straight into your wall socket. Charge the bike overnight ready for the next day, or give it a top up while you have lunch.

330lb/150kg

Recommended carry weight

Recommended carry weight is 330lb/150kg (including the rider). Adjustable suspension also allows you to select the perfect setting for a more comfortable ride with heavier loads.

19 lugs

To secure and carry gear

The 3D alloy frame includes 19 accessory lugs. The lugs use standard M8 nuts and bolts for attaching tie downs, mounts and accessories.

UBCO.COM

*Range is affected by variables such as weight, incline, and terrain.
